...NEW GENERATION®

**Fine Slice Automatic**

**“THE CLASSICAL SERIES”**

The stainless steel body is specifically design for an easy cleaning and fulfils all hygienic as well as of course all safety requirements. With its direct power transmission and powerful drive the Fine Slice Automatic guarantees 200 cuts per minute with an absolute precision.

Whether the product, like ham, sausage, cheese, etc. is fresh or chilled or frozen down to –8 degrees an accurate clean cut is given.

# Leading Food Machines

All electrical and electronic components are integrated in either an integrated switch cabinet. The **main components are mostly from the German Brand Siemens**. Heating elements avoid the appearance of condensation water.

Cutting Knife

Product Pusher

## Main Technical Data:

Fine Slice "The Classical Series"	Automatic
Capacity with slices of 0,5-4 mm thickness	300 kg/h
Capacity with slices of 4,1-18 mm thickness	200 kg/h
Maximum Cutting Size	200 x 360 x 600 mm
Cutting thickness	0,5 – 30 mm
Input length of product	max. 600 mm
Main motor capacity (400 Volt / 50 Hz)	5,5 kw
Weight	550 kg
Machine Dimensions	1756 x 1050 x 1520 mm

Edition: April 2018
