...NEW GENERATION® Fine Mix 650 / 1200 / 2000

“THE CLASSICAL SERIES“

“THE CLASSICAL” Series of Food Machines fulfil the requirements of most of the customers worldwide. The classical design and the very competitive equipment components are topped by an excellent cost performance ratio.

2000 Ltr. Vacuum Mixer

Machine stainless steel full casing

Robust construction with a long durability machine surface and with all parts with product contact in stainless steel.

1200 Ltr. Vacuum Mixer

Hopper approx. 650 / 1200/ 2000 litres

The stainless steel hopper is integrated in the machine, therefore easy to clean even under highest hygiene standards. The mixing capacity lies at approx. 450 / 900 / 1200-1400 kg / batch.

Different versions of mixing arms

Paddle

Spiral

Combination

Paddle Arms

Z-Arms

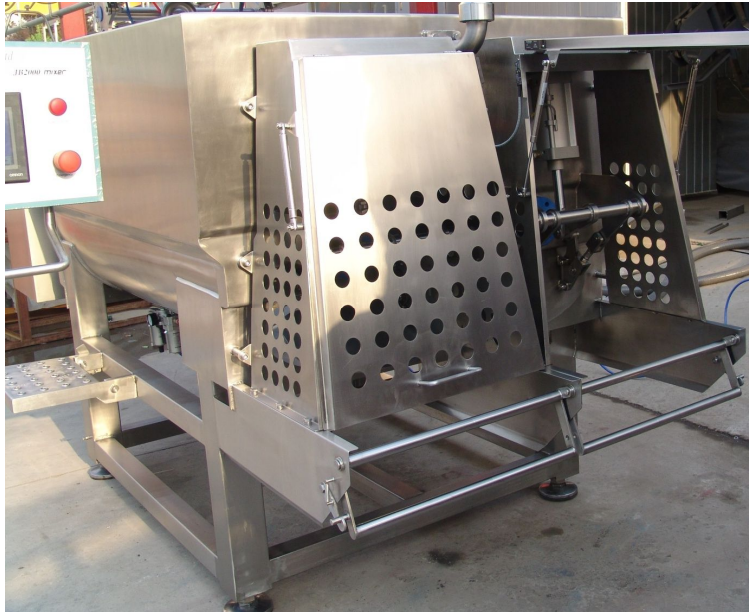

Depending on the product the machine could be equipped with an optimal mixing system.

Outlet safety device

The outlet is protected with an electrically bolted safety device for security of operating personnel. The machine works only while the safety device is closed.

Integrated switch cabinet

The switch cabinet is integrated either inside the machine body or stands separately at the side.

Lift for 200 ltr. Trolleys

The mixer can be equipped with a standalone loader for a standard size of 200 ltr charging trolleys (not included. Lifting force: 200 Kg, Lifting height 1,90 m, Lifting speed: 3 m / min, Dimensions in mm 920 x 1100 x 2800.

Technical Data:

Fine Mix “The Classical Series”	650 litres	1200 litres	2000 litres
Mixing Capacity appr. In Kg/ Batch	450	900	1200-1400
Dimensions in mm (length/ width/ height)	1600x1100x1400	1930x1490x1700	3200x1900x2300(3900)
motor capacity kW	6	11	20
Weight, kg	800	1500	2900

Edition: April 2018
